| 1 | BA on Research:  R. Cornner  
Information received at the April 6 Senate meeting.  

**MOTION** made and seconded by M. Dodge and L. Arenson approving the Proposal for a Baccalaureate Degree: Applied Research and Data Analytics.  

**Discussion:**  
This proposal is not fully fleshed out.  
PCC is one of 72 schools presenting a Baccalaureate Degree proposal. Only 15 schools across the state will receive approval.  
Two-year degree programs will be developed first.  
Companies need researchers.  
This type of program would open the door for internships with various companies and non-profits.  
Seattle college is offering an applied degree in behavioral sciences.  
L. Arenson: has been in contact with a non-profit agency that would keep its doors open for visitor students and animal research behavioral projects.  

**VOTE:** Motion was unanimously approved. |
| 2 | New Faculty Orientation Curriculum: E.A. Cairó  
Handout presented at April 6 meeting.  

**Recommendations**  
Orientation: What do we want faculty to know Day 1 and throughout the semester?  
According to the Contract there are 2 days prior to the beginning of the fall semester for new faculty orientation.  

Faculty needs:  
- An office; a computer, key(s); parking permit; and school ID  
- Basic knowledge of: Canvas, LancerPoint; ELumen, Add and Drop Policy, library services  

Needs throughout the semester:  
- syllabus prep, course outline, information needed by the deans, ESL needs, multi-lingual writers and speakers, first and second-year faculty pathways.  
- Ask divisions what they already have in place to avoid duplication.  
- Shared governance training (include attendance at Senate, BOT and committee meetings)  
- Internal / informal mentoring.  
- Numerous areas will need to be presented at a very basic level followed by review of this process after one year.  
- Allow for volunteer participation with training in skill based areas  
- ADA compliance is needed.  

**Program Coordinators**  
Based upon amount of work and time required, one to two coordinator positions (with reassign time) will be created. The coordinator(s) would probably be working with the College Council Professional Development Oversight Committee.  

A **summary of recommendations** will be forwarded to the Senate Board for review and recommendation for the April 27 Senate meeting.  

New faculty might feel more comfortable with providing anonymous feedback.  
Senate asked to consider what questions should be asked of new faculty.  
Inquiry: Could data from previous new faculty surveys be accessed and reviewed?
### Health Sciences Substantive Report: R. Cornner

Summary provided following revision request by Dr. Freund’s changes on p. 15:
- Adequate and accessible student support services.

**Feedback**
Numerous nursing and other Health Sciences faculty disagree with inaccuracies referenced in the proposal as far as the planning phase.
Suggestion received for Dr. Cornner to meet with the nursing faculty.

R. Cornner
- K. Hyatt requested that Dr. Cornner meet with Nursing and Health Science faculty.
- Asked for Nursing and Health Science faculty and other comments to be forwarded to him for presentation at the next Senate meeting to make sure the document is as accurate as possible. This document is about describing what happened and what exists.

### Policies and Procedures on Sexual and Other Assaults on campus BP3540 and AP3540: P. Rose

Recommended that this item be sent back to Board of Trustees to be rewritten. The policy is outdated and needs to reflect recent legislation: SB-967 and its amendments to CA Ed Code Section 67386
The template for this policy was received last year and a revised template could be requested.
This information could be included in new faculty orientation.

**MOTION** made and seconded by Y. McKay and L. Arenson rejecting the proposed policy, to send it back to the Board of Trustees for review with the Senate’s recommendations.
- **Point of Clarity:** Administrative Procedures would only be sent to College Council.
- **Discussion:** The proposed policy should reflect recent legislation

**MOTION** withdrawn.
**MOTION** made M. Perea to approve this policy (with anticipation of rejection -- no second)
**MOTION** made and seconded by R. Foster and M. Perea to remand the policy and procedures and to send back to the respective institutional bodies (Board of Trustees and College Council)
**FINAL VOTE:** Motion approved unanimously.

### Intellectual Property Policy: D. Haley, Intellectual Property Committee Chair

Policy is being recommended for approval. Recap:

**What belongs to Faculty:**
Anything faculty create on their own time, using their own resources that belongs to them personally and not the District.
Any academic work that faculty does belongs to faculty.

**Belongs To The District:** Performance of job-related, non-academic work for which the instructor is paid.

**Belongs To The Students:** Any work that students do, unless they become college employees.

**Commissioned Work:** Written agreement entered into between the District/Employee for work commissioned with compensation.
