Dr. Rey Castro asked if it would be agreeable to the speakers to postpone this items until the business meeting.

Mr. Rich McKee responded that he had a 1:00 class and wouldn’t be available at that time. Mr. McKee then addressed the Board regarding district sponsorship of full-time, tenure track faculty applying for permanent residence status in the United States.

Ms. Brandy Burnett, parent of a PCC student, requested a report on the plan PCC has in place for communication with faculty, staff and on-site students in the event of an emergency situation.

D. JOINT MEETING WITH PCC ASSOCIATED STUDENTS’ BOARD

1. INTRODUCTION OF MEMBERS OF BOTH BOARDS
Members of the ASPCC Board introduced themselves.

2. PRESENTATION, WITH DISCUSSION AND POSSIBLE ACTION: THE STUDENT SERVICE FUND
Ms. Courtney and Dr. Thayer explained that the income for the Student Service Fund is generated from the bookstore, cafeteria, and campus vending machine sales. The purpose of the Student Service Fund is to support student and co-curricular activities such as lectures, concerts, recreational and intramural activities, and student activity entry fees. Miss Courtney pointed out that the funding requirement that was established in 1972 states that “the funds shall not be used in any way for programs that do not relate to the well-being of the college in total”. Dr. Thayer cited that some of the current and future challenges include a decrease in revenue from during construction and relocation of the campus bookstore, cafeteria and the office of Student Affairs. Students are encouraged to make their purchases of food and materials on campus, so that the money they spend is recycled back into the Student Service Fund.
2. PRESENTATION, WITH DISCUSSION AND POSSIBLE ACTION: THE STUDENT SERVICE FUND (Continued)
Dr. Mann commented that perhaps it would be more advantageous to lower prices so that students could more readily afford to make purchases on campus. Dr. Kossler explained that at most community colleges the Student Service Funds are derived from the same sources or from a student activity fee. Dr. Mann responded that the student activity fee would, most likely, be more reasonable. Dr. Bradbury-Huang questioned how the students’ needs are met and Dr. Thayer cited several ways in which the student preferences are determined.

3. DISCUSSION, WITH POSSIBLE ACTION: THE FALL STUDENT SURVEY
Dr. Stuart Wilcox explained that during the fifth week of the fall semester, approximately 2500 students are polled on a variety of topics such as their opinions about the instruction they receive, the extent to which they are engaged in the learning process, and how satisfied they are with various college support services. Dr. Mann noted that there is room for improvement in all areas. Mr. Kratt asked why a three-point system is used and Dr. Wilcox explained that, because that system has been used for the past ten years, continuity would be lost if it was changed. Mr. Baum asked how much input students had on the rating instrument and suggested that the various areas be reviewed and developed by the students to begin a new five-year study.

4. PRESENTATION, WITH DISCUSSION AND POSSIBLE ACTION: THE STUDENT LOBBY COMMITTEE
Miss Elaine Riodica stated that the goal of the student lobby committee is to empower students through political engagement, which is done by hosting student forums on campus, lobbying in the state and national capitols, and encouraging voter registration. Future projects include a women’s forum, more student outreach, updating of the website and sponsoring an ICC forum. Miss Riodica concluded her remarks by recognizing the efforts of the entire lobby committee.

5. OPEN DISCUSSION BETWEEN ASSOCIATED STUDENTS’ BOARD AND BOARD OF TRUSTEES
Dr. Mann questioned why there is little interaction with faculty outside of the classroom and Miss Riodica responded that it was due to a lack of office space for part-time faculty. Mr. Sansosti added that, even with office space, some teachers appear to be unwilling to help students and Miss Chung suggested that teachers be more approachable.

Miss Jesse Nunes also addressed a need for more office space for adjunct faculty; a review of the “one day pay” policy; timely delivery of financial aid checks; and installation of additional microwave ovens on campus.

Miss Courtney suggested that gender neutral restrooms be considered; that students be provided with more nutritional choices in the cafeteria; and the matter of sustainability of the college campus.

Mr. Adam Kratt introduced Tonya Gomez, who related to the Board her experience with the lack of gender-neutral restrooms.

Miss Patricia Hong, citing her personal experiences, encouraged more support activities for international students. Mrs. Wells-Miller suggested that, perhaps, a mentoring program could be developed with local churches or service organizations. Miss Chung added that she would like to see the International Student Office plan more events for international students.
5. OPEN DISCUSSION BETWEEN ASSOCIATED STUDENTS’ BOARD AND BOARD OF TRUSTEES
Miss Courtney suggested that joint meetings be held more frequently. Ms. Rey Castro thanked the students for sharing information and exchanging ideas and encouraged them to bring any future concerns to the Board at their regular meetings.

Dr. Bradbury-Huang left the meeting at this time.

C. PUBLIC COMMENT ON NON-AGENDA ITEMS (Continued)
Mr. Greg Smith, Physical Education Professor, spoke to the Board in support of Skip Robinson.

Mr. Rod Foster, Instructor, questioned the procedure for creating a new job description for the Dean of Physical Education without consulting the Academic Senate. He also asked why the PE Dean position vacancy is being fast-tracked for hire and suggested that the new college president might want to form his/her own team.

Ms. Jesse Moore, Physical Education Instructor, listed several items of concern in the P.E. Dean job description and recommended that the hiring process be discontinued until the suggested changes are made.
